

Lillian is a student at Lee County High School. She has always loved working kids, and has been a babysitter since she was in middle school. She also has experience working with children at her church through vacation bible school and conference daycares. During high school, she has worked with kids each year in "Tramway Day" where she teaches young kids the beauty of music and colorguard. She loves to perform, and is the band director for the LCHS band. She enjoys being on stage and did theatre for 10 years. She takes pride in being a role model for children, and combining that with her love for performing makes her so excited to work for Wishes. She cannot wait to put her whole heart into various characters she gets to portray!
