

Scotland is extremely talented and versatile, making her a wonderful addition to Wishes Character Company! She participates in so many activities and performs very often, including dance, theatre, cheerleading, karate, youth group, singing, and playing the piano. She really enjoys being on stage and gets to do so often through performing with the Temple Theatre and Temple Teens, as well as performing in the Nutcracker each year. Scotland has always loved Disney, and when she goes to the parks she loves meeting all of the princesses. She has experience acting as a princess in several plays, so she is extremely excited to use that practice to portray different characters working for Wishes!!
